Makey Makey is an invention kit for the 21st century. Turn everyday objects into touch pads and combine them with the internet. It's a simple invention kit for Beginners and Experts doing art, engineering, and everything in between. Build a high-five photo-booth, or a slippery banana peel DDR pad, semi-digital board game, or an interactive maze for your pencil or hamster! Invent it all with your computer, some alligator clips, and a Makey Makey.

Winner of multiple awards and featured in TED talks, the Makey Makey is a breakthrough learning tool used by educators to teach Invention Literacy, Making, and Design Thinking.

The Makey Makey STEM Kit V.2 is a distillation of 12 Makey Makeys, 12 booster packs and some extra parts for when you want to invent something even bigger. It includes:

- 12 Makey Makey Classics (each with its own circuit board, USB cable, 7 alligator clips, & how-to booklet)
- 12 (6ft) Alligator Clips
- 12 (6ft) Connector Wires
- 72 extra Alligator Clips
- 144 New and Improved Connector Wires (for the back)
